Bilateral Meetings

- (1:00 p.m - 6:00 p.m.)

Description

We produce fruit trees since 1958 and since 1979 we operate in the basin of the Valleys of Mezzano, Ferrara, excellent area for the production of fruit plants and nursery area protected from Erwinia amylovora. Since 1991 we produce only material "virus free" and only pear and apple plants. The Maccanti Vivai, with the assistance of experienced technicians in the fruit sector, guarantees customers the necessary technical support to the creation of a modern and profitable orchard.
